

OneShield announces plans for office expansion

Westborough, MA August 22, 2008- OneShield Inc, a leading policy administration system provider supporting all personal, commercial and specialty lines, announced today the expansion of their US operations to include an office in Glastonbury Connecticut.

In the past 18 months, OneShield has undergone exponential growth in company size and has significantly increased its customer base. In order to manage its aggressive growth effectively, OneShield recognized the importance of not sacrificing the quality of service. The company is committed to ensuring proper staffing and organization to continue to provide outstanding support to its clients.

Successfully managing the growth is of paramount importance to OneShield's CEO. "As with any company, our strength lies within our team. Our customers rely on OneShield employees to have deep knowledge of insurance and software technology in order to consistently deliver high quality systems," commented Glenn Anschutz Chief Executive Officer.

"Our decision to open a Connecticut office was fueled by our desire to maintain outstanding service to our customers as well as to attract highly qualified insurance and technology professionals to join our team," stated Heather Peacock, Senior Vice President of Sales and Client Services. "Hartford, Connecticut is considered one of the best areas in the country for insurance talent. Finding the right people to build our team is very important. We feel that opening this office gives us a competitive advantage in attracting highly skilled technology and insurance experts that will help OneShield continue on our successful path."

The office will contain the growing post-production client support services group as well as insurance business analysts, project managers and insurance technology staff. At its opening on September 2nd, the Connecticut office will be staffed with existing Connecticut based OneShield employees, while creating approximately 30-40 new jobs for insurance and technology professionals within the next 12 months. This additional staff will contribute to the accelerated growth that OneShield is experiencing in its Westborough, Massachusetts and Gurgaon, India offices.

About OneShield

OneShield provides browser-based solutions to automate the sales and service of insurance and bond products for insurance carriers, major brokers, and managing general agents. Its flagship product, OneShield Dragon[®], is a tools-based, data-driven insurance underwriting, policy administration, rating and workflow engine. Dragon provides configurable and modifiable options to meet today's goals and to adapt to future demands. For additional information, visit www.oneshield.com.
